

COMPANY PROFILE

All kinds of industrial fabrication related works.

INSPECTION/ ASSEMBLY TABLES

Crafting tailored inspection and assembly tables to meet your unique needs. Precision, durability, and efficiency, delivered in every custom fabrication.

SAFETY FENCING

Our product range includes a wide range of MS Safety Fencing, MS Robots Safety Fencing, Industrial Safety Fencing and Machine Safety Fencing, etc.

MACHINE STRUCTURES

Heavy machineries come with high risk and delicacy; We offer fully customized Machine Frame Structures in both Mild Steel (MS) and Aluminium materials.

MATERIAL HANDLING TROLLEYS

Many industries require aluminium and MS trolleys for heavy and light weight material handling. We have expertise in manufacturing high quality industrial trolleys with customized shape, structure, and size.

ALUMINIUM PROFILE ENCLOSURES

Custom aluminum enclosures for machines and industrial needs. Our manufacturing service delivers precision, durability, and sleek design. Elevate your products with us.

ALUMINIUM PROFILE TABLE & TROLLEY

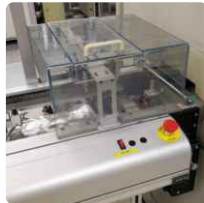

We offer fully customized industrial workstations, production line work bench, aluminium test bench, inspection table, aluminium trolley, etc.

ROBOT WELDING CELL

We specialize in manufacturing customized robot welding cells. We ensure strong and reliable structures in our robot welding cells.

ACRYLIC FABRICATION

We are fully equipped with machineries and tools required for acrylic fabrication works. Convert your ideas into reality with our quality fabrication service.

POLYCARBONATE FABRICATION

We are fully equipped with machineries and tools required for polycarbonate fabrication works. Convert your ideas into reality with our quality fabrication service.

PLASTIC WELDING

We specialize in plastic welding related works like PP tank manufacturing, joining plastic parts or repairing plastic components using various welding techniques.

COMMERCIAL PRODUCTS

We specialize in designing and manufacturing customized commercial products as per your requirement. We work with: Acrylic, Poly carbonate, MS, SS, Aluminium profiles, etc.
